Dear Reader,

Thank you for choosing *OCA: Oracle Database 12c Administrator Certified Associate Study Guide*. This book is part of a family of premium-quality Sybex books, all of which are written by outstanding authors who combine practical experience with a gift for teaching.

Sybex was founded in 1976. More than 30 years later, we're still committed to producing consistently exceptional books. With each of our titles, we're working hard to set a new standard for the industry. From the paper we print on, to the authors we work with, our goal is to bring you the best books available.

I hope you see all that reflected in these pages. I'd be very interested to hear your comments and get your feedback on how we're doing. Feel free to let me know what you think about this or any other Sybex book by sending me an email at contactus@sybex.com. If you think you've found a technical error in this book, please visit http://sybex.custhelp.com. Customer feedback is critical to our efforts at Sybex.

Best regards,

Chris Webb

Dedication

To the ladies in my family: my lovely wife, loving mom, and lovable sisters. Thanks for always being there for me.

To my children: Joshua and Jeanette. You brighten my day, every day!

Acknowledgments

I thank the great publishing team at Wiley for helping me throughout the writing process. I am grateful to Jeff Kellum, acquisitions editor at Wiley, for initiating this project and having faith in me. I am indebted to Lisa Bishop, developmental editor, for offering valuable suggestions to improve the readability and organization of the book. Thank you both for your patience and hard work throughout this project.

Thank you Kathy Grider-Carlyle, copy editor, for meticulously going through the chapters and making sure there is no ambiguity and that all the pieces tie together. I thank Dassi Zeidel, production editor, for ensuring consistency and accuracy and coordinating the production process. I would like to thank Pete Gaughan, Connor O'Brien, Jenni Housh, Rayna Erlick, and everyone at Wiley who helped in the making of this book.

A technical book is judged by not only who wrote it, but also who reviewed it. I am much honored to have two great Oracle experts as technical reviewers, both Oracle ACE Directors and recipients of the DBA of the Year award. I thank Arup Nanda for reviewing each paragraph of every chapter and for the invaluable comments, tips, and edits. I thank Syed Jaffar Hussain for reading and ensuring the technical accuracy. The input from two Oracle stalwarts certainly improved the content and reliability of the book.

I sincerely thank Gavin Powell for initially signing up as a coauthor to this book. Due to unforeseen events, Gavin could complete only one chapter. I thank Gavin for working with me and helping with the book.

I have many friends to thank at OneNeck IT Solutions for their friendship and encouragement. My heartfelt thanks to Chuck Vermillion (SVP & General Manager) for his support and confidence in me. Thank you Danny Carrizosa for the motivation and your willingness to help out wherever needed. I thank Phil Pearson and the entire team for their trust in my technical abilities. It sure is great working with you all.

Last but not least, no words can express the ceaseless support and encouragement given by my dear wife. Thank you, Shiji. You are the best. I owe my kids several weekends and thank them for their patience and tolerance of so much of my attention being given to this book.

About the Author

Biju Thomas is an Oracle ACE, Oracle Certified Professional, and Certified Oracle Database SQL Expert. Biju has been developing and administering Oracle databases since 1993. He now spends time mentoring DBAs, performance tuning, and designing Oracle solutions. He is Principal Solutions Architect at OneNeck IT Solutions (http://www.oneneck.com). He is a frequent presenter at Oracle conferences and a contributor to Oracle technical journals. He blogs at http://www.bijoos.com/oraclenotes, and you can follow his tweets @biju_thomas.

About the Contributor

Gavin Powell spent 25 years as an IT professional in positions such as Oracle DBA, performance tuner, data architect, and developer. In the last 10 years, he has branched out into technical writing (many titles in print) in between contract and consulting jobs. He also enjoys music, songwriting, performing, singing, playing too many instruments, home recording/producing, and studying music at Berklee.

About the Technical Reviewers

Arup Nanda has been an Oracle DBA for the last 20 years, working on all aspects of Oracle technology from modeling to performance tuning to disaster recovery. He has written over 500 published articles, presented over 300 sessions in 22 countries, and coauthored 5 books. He is an Oracle ACE Director, Oak Table Network member, editor for *SELECT Journal*, and a board member of Exadata SIG of IOUG. In recognition, Oracle conferred on him the coveted DBA of the Year and Architect of the Year awards in 2003 and 2012, respectively. He lives in Danbury, CT.

Syed Jaffar Hussain has over 21 years IT experience that includes more than 14 years of production Oracle database administration. Oracle has honored him with the prestigious Oracle ACE Director role and named him DBA of the Year for 2011, both for his excellent knowledge and contributions to the Oracle community. He is an Oracle Certified Master (OCM) for Oracle Database 10g, a status granted only after passing extensive challenges in a hands-on environment. He is also an Oracle Database 10g RAC Certified Expert. Syed Jaffar is a well-known Oracle speaker, and he coauthored *Expert Oracle RAC12* and *Oracle 11g R1/R2 Real Application Clusters Essentials.* He blogs regularly at http://jaffardba.blogspot.com.
