

Cats and Flowers

COVID - 19 project

The idea of my "COVID-19 project" is to provide quarantined people with 35 song games, free. Registration is not needed to my Moodle tasks. Log in as a guest and all the family can play the games together. In Moodle one can change the language, to understand what to do. SolfaNet is a natural and easy way to learn the music to write and read, according to the Kodály method. This ear training material includes 35 Finnish and Hungarian folksongs and games for children. <https://solfanet.fi>

One can print free the PDF task pages. Listen to and sing with the Audio file the children songs. They are in MP3 form. Write the missing notes to the exercise paper and sing again the song with solmization. It means sing without words,

using only the "bird's language" DO RE MI FA SO LA TI [relative solmization].

All the 2020 I was in voluntary quarantine, so I spent the time to make a new version of my 35 game songs. I like to photo my cats and flowers, so they are the illustrations of my new publication 'Cats and Flowers'. They are in my SolfaNet Web hotel and now I also publish them. I am thinking to open a SolfaNet Facebook group, where I can give more instructions and answer for user questions. I hope your family will have a quality time learning the musical notation together and playing the children games. Good health to all of you. Blessings!

Cats & Flowers - Contents

KIIS CAT so mi INTRODUCTION GAME
MY CAT WAKES UP so mi DEXT PLAY
LADYBUG so mi JUMP PLAY
PEEKABOO so mi PURSUIT PLAY
SNAIL so mi WIRELESS PHONE PLAY
SEINE so mi CLAPPING PLAY
