Introduction

A globally unforgettable year, 2020, will go down in world history.

A year that has stimulated thinking and acting.

The events of the last few months have shaped my thoughts and prompted me to be more active and more conscious on various levels.

Coronavirus is by far the most used word of this year. It has paralyzed the entire world and provided one more reason to embrace the coming Christmas.

A time to meet people with open eyes, hearts and ears.
