You liked this book? Then, I am looking forward to your honest review.

This ebook has been proofread several times and even been reviewed by a professional editor. Should you still stumble upon an error, please do not hesitate to contact me at mail (at) learn-a-new-language.eu

My personal recommendation for you :

"Learn Swedish quickly and more effectively than with other learning methods - in only about 17 minutes per day"

This course is different than other courses:

- Learn a new language **with just 17 minutes of study per day**.
- In a matter of only **three months** you will have learned a wide-ranging and useful number of words.
- After just three months you will have gained a **broad understanding of the language** and you will be able to build sentences and speak Swedish.
- With this beginner's course you will have reached the A2 level of **the Common European Framework of Reference for Languages**.
- You learn quickly and efficiently. The program provides you with **new and practical exercises every day**.
- This course does not have to be installed. It is very user friendly and **simple to use**.
- This course offers a number of different learning methods, giving you the opportunity to **choose what works best for you**. Fun and easy with manageable and attainable goals, **the way learning a new language should be**.

The vocabulary in this book is sorted by topic and was extracted from the book "**Grundwortschatz Deutsch - Schwedisch - Englisch**" (ISBN: 978-3735718563), which

you can find as a printed version in every book store or as an ebook.

With the book “**Grundwortschatz Deutsch - Schwedisch - Englisch**”, you receive 3.000 of the most common words in German, Swedish and English.

In the main part, the vocabulary is listed side by side and sorted by topic. Additionally, you can find all vocabulary in the annex in alphabetical order.

Similar and identical spellings of words catch the eye and facilitate the learning process of the vocabulary. Like this, you will be able to remember the Swedish vocabulary much easier and faster. At the same time, you will broaden your vocabulary too.
