RIP - FETISH - ORGIES

The journey begins...

When I asked Peter if he really wanted to stop doing the **MARQUIS** and if I could follow in his footsteps, I thought to myself: "Nothing will come out of it anyway".

Only a few weeks later, I'm writing these lines with a brand new edition of the **MARQUIS** in the home stretch and a pleasant tingling sensation that I always have when a wish comes true.

I've been reading the **MARQUIS** for years, probably longer than my parents would want to know about, and I also feel very, very comfortable in the world of **HEAVY RUBBER** (yes, the magazine will also be back!). Is there anything more exciting than diving headfirst into a wonderful adventure?

Peter is still part of it, supports us as a kind of super-father with his knowledge, insights, contacts and suggestions and is simply the loving person the scene has come to know and love. And the joy of being able to work with him is indescribable.

In the short time we had to create a first, new **MARQUIS** magazine, so many great things have already happened. Who would have thought that I could ask Lisa Eckhart about fetish and orgies, backstage, dressed only in plain pants and a fine rib undershirt? Only to meet her a short time later in the studio in a catsuit from **MARQUIS** Fashion?

I'm looking forward to the hopefully long, long journey with **MARQUIS** and I really hope you're happy too and that you like the new issue! Just to be able to continue a legend is an honor enough, but to live a (fetish) dream, it can't get any better than this.

**To another 25 years full of events
with you at my side, at our side!**

Without any doubt, **Dani** is one of the most successful Alternative/Fetish models in the world. She is very active on Instagram and Facebook, shooting with the best photographers and always seems chilled and relaxed.

Her career started out of the blue, as she tells us. She participated in a modelling contest and won. That was the start. In 2017, she became Miss Fetish Europe.

Her Motto: Be positive and work hard.
