

The AST Handbook of Transplant Infections

Deepali Kumar and Atul Humar

AMERICAN SOCIETY OF TRANSPLANTATION

 WILEY-BLACKWELL

Contents

List of Contributors

Preface

Acknowledgements

Part I: General Issues and Infectious Syndromes

**Chapter 1: Timeline of Infections
After Organ Transplant**

**Chapter 2: Timeline of Infections
After Hematopoietic Stem Cell
Transplant**

**Chapter 3: Immune Reconstitution
After Myeloablative Stem Cell
Transplant**

**Chapter 4: Pre-transplant Infectious
Disease Evaluation of the Organ
Transplant Candidate**

Chapter 5: Pre-transplant Infectious Disease Evaluation of the Hematopoietic Stem Cell Transplant Candidate

Chapter 6: Technical Complications after Organ Transplant and Associated Infections

6.1 Anastomoses and potential technical complications associated with either a pancreas transplant or kidney transplant^a

6.2 Anastomoses and potential technical complications associated with liver transplantation

6.3 Right lobe living donor liver transplant: anastomoses and selected technical complications

Chapter 7: Evaluation and Initial Treatment of Infectious Complications Among Organ Transplant Recipients

Chapter 8: Management of Infections in Kidney Transplant Recipients^a

Chapter 9: Management of Infections in Pancreas Transplant Recipients^{a, b}

Chapter 10: Management of Infections in Liver Transplant Recipients^a

Chapter 11: Management of Infections in Lung, Heart-Lung, and Heart Transplant Recipients

Chapter 12: Management of Infections in Intestinal Transplant Recipients^a

Chapter 13: Antimicrobial Management of Patients with Fever and Neutropenia Following Hematopoietic Stem Cell Transplantation

13.1 Stepwise approach to empiric antimicrobial therapy in febrile neutropenia^a

13.2 Agents for empiric antifungal therapy in febrile neutropenia

Part II: Specific Pathogens

Chapter 14: Cytomegalovirus

14.1 Prevention of cytomegalovirus (CMV) disease in solid organ transplant (SOT) recipients

14.2 Interpretation of pediatric CMV serology in donors and recipients < 18 months^a [1]

14.3 Algorithm for pre-emptive therapy of CMV in organ transplant recipients

14.4 Treatment of CMV infection and disease in SOT recipients

14.5 Suggested algorithm for the management of ganciclovir (GCV)-resistant CMV infection and disease

Chapter 15: Epstein-Barr Virus and Post-transplant Lymphoproliferative

Disorders

15.1 Prevention of Epstein-Barr virus (EBV)-related Post-transplant Lymphoproliferative Disorders (PTLDs)

15.2 Pediatric EBV serology in donors and recipients < 18 months^a

15.3 Treatment of PTLD^a

Chapter 16: Management of herpes simplex virus

Chapter 17: Management of Varicella Zoster Virus

Chapter 18: Prevention and Treatment of Human Herpesvirus 6, 7 and 8 Infections in Transplant Recipients

Chapter 19: BK Polyomavirus and Polyomavirus-associated Nephropathy

19.1 Screening, diagnosis and intervention for polyomavirus-associated nephropathy (PyVAN) after renal transplantation

19.2 Screening for BK virus (BKV) replication in kidney transplant recipients^a

19.3 Screening for BKV replication and PyVAN in non-kidney solid organ transplant (SOT) recipients

19.4 Treatment of BKV viremia or PyVAN by modification of maintenance immunosuppression

Chapter 20: Respiratory Viruses

20.1 Prevention and treatment of respiratory viral infections after transplantation

20.2 Prevention and treatment of influenza after transplantation

Chapter 21: Human Papillomavirus

21.1 Treatment of hand or plantar (cutaneous) warts after transplantation

21.2 Treatment of external anogenital warts after transplantation

Chapter 22: Hepatitis B

22.1 Hepatitis B management in hepatitis B surface antigen (HBsAg)-positive recipients

22.2 Hepatitis B management in anti-HBc-positive, HBsAg-negative, anti-HBs-positive or -negative recipients

Chapter 23: Hepatitis C Management in Transplant Candidates and Recipients

Chapter 24: Management Algorithm for Transplantation in Patients with Human Immunodeficiency Virus

24.1 Initial pre-transplant evaluation of patients with human immunodeficiency virus (HIV)

24.2 HIV patient selection criteria for transplantation

24.3 Preferred antiretroviral drugs in HIV1 transplant candidates or recipients

24.4 Drug-drug interactions and post-transplant management in transplanted patients with HIV

Chapter 25: Management of Selected Fungal Infections After Transplantation

25.1 Management of selected fungal infections after transplantation

Chapter 26: Treatment of Nocardia Infections

Chapter 27: Tuberculosis: Treatment and Prevention

27.1 Treatment of latent Mycobacterium tuberculosis (TB) infection

**27.2 Treatment of active
Mycobacterium tuberculosis infection**

**Chapter 28: Treatment of Non-
tuberculous Mycobacterium
Infections**

**Chapter 29: Pneumocystis jiroveci
Pneumonia: Prophylaxis and Therapy**

**Chapter 30: Suggested Therapy of
Clostridium difficile Colitis After
Transplantation**

**Chapter 31: Diagnosis and Treatment
of Multidrug-Resistant Bacteria**

**Chapter 32: Management of Selected
Parasitic Infections After Transplant**

Part III: Donor Issues

**Chapter 33: Infectious Disease
Evaluation of the Potential Organ
Donor**

Routine screening of all donors

Optional donor testing

Additional considerations in the deceased donor

Clues to the presence of infection in the deceased organ donor

Screening of the potential living donor

Resources

Chapter 34: Infectious Disease Evaluation of the Potential Hematopoietic Stem Cell Transplant Donor

Routine screening of all donors

Optional donor testing

Comments

Resources

Chapter 35: Donor-derived Infections

35.1 Potential infections that may be transmitted from donor to recipient [1,2]

35.2 Management of specific donor scenarios

Chapter 36: Estimates of Window Period^a Length for Serology and Nucleic Acid Testing

Chapter 37: Estimates of Residual Risk of HIV or HCV when using Selected Increased Risk Donor Categories^a

Chapter 38: Management of Recipients of Hepatitis B Core Antibody-Positive Donor Organ

Chapter 39: Donor Tuberculosis Issues: Potential Scenarios and Management

Part IV: Prevention of Infections after Transplantation

Chapter 40: Suggested Prophylaxis Regimens in Organ Transplant Recipients

Chapter 41: Antimicrobial Prophylaxis Regimen for Allogeneic Hematopoietic Stem Cell Transplant Recipients

Chapter 42: Antimicrobial Prophylaxis Regimen for Autologous Hematopoietic Stem Cell Transplant Recipients

Chapter 43: Adult Vaccination Schedule After Solid Organ Transplant^a

Chapter 44: Adult Vaccination Schedule After Allogeneic Stem Cell Transplant

Chapter 45: Immunizations After Pediatric Solid Organ Transplant and Hematopoietic Stem Cell Transplant [1-4]

Chapter 46: Recommendations for Travel-related Vaccinations and Medications for Transplant Travelers

46.1 Recommendations for travel-related vaccinations for transplant travelers

46.2 Travel-related medications, adult dosages, and duration

46.3 Interactions between transplant and travel-related medications^a

Chapter 47: Safe Living Strategies for Transplant Patients

Part V: Post-transplant Medications and Drug Interactions

Chapter 48: Common Immunosuppressive Drugs, Mechanisms of Action, Side-effects, and Other Interactions

**Chapter 49: Infectious Risks
Associated with Anti-thymocyte
Globulin (ATG, Thymoglobulin)**

**Chapter 50: Infectious Risks
Associated with Alemtuzumab
(Campath)**

**Chapter 51: Infectious Risks
Associated with IL-2R Antagonist
[Basiliximab (Simulect) and
Daclizumab (Zenapax)]**

**Chapter 52: Infectious Risks
Associated With Rituximab (Rituxan)**

**Chapter 53: Drug Interactions
Between Antimicrobial Agents and
Common Immunosuppressive Drugs
Used in Transplantation**

**Chapter 54: Antiviral Agents for Adult
Transplant Recipients**

**Chapter 55: Antifungal Agents in
Adult Transplant Recipients**

Chapter 56: Antiviral Agents for Pediatric Transplant Recipients

Chapter 57: Antifungal Agents for Pediatric Transplant Recipients

Index

The AST handbook of transplant infections / edited by Deepali Kumar, Atul Humar ; associate editors, Emily Blumberg, Marian Michaels, Kieren Marr ; on behalf of the American Society of Transplantation Infectious Diseases Community of Practice.

p. ; cm.

Handbook of transplant infections

Includes bibliographical references and index.

ISBN 978-0-470-65827-7 (pbk. : alk. paper) 1.

Communicable diseases—Handbooks, manuals, etc.

2. Transplantation of organs, tissues, etc.—
Complications—Handbooks, manuals, etc. I. Kumar,
Deepali. II. Humar, Atul. III. American Society of
Transplantation. Infectious Diseases Community of
Practice. IV. Title: Handbook of transplant infections.
[DNLN: 1. Transplants—adverse effects—Handbooks.
2. Bacterial Infections—therapy—Handbooks. 3.
Mycoses—therapy—Handbooks. 4. Virus Diseases—
therapy—Handbooks. WO 39]

RC112.A88 2011

616.9'8—dc22

2011002978

ISBN: 9780470658277

A catalogue record for this book is available from the
British Library.

This book is published in the following electronic
formats: ePDF 9781444397925; Wiley Online Library
9781444397949; ePub 9781444397932

List of Contributors

Upton D. Allen MBBS, MSc, FAAP, FRCPC, FRCP (UK)

Professor, Departments of Paediatrics and Health Policy Management and Evaluation

University of Toronto

Division Head, Infectious Diseases

The Hospital for Sick Children

Toronto, Canada

Lindsey R. Baden MD

Division of Infectious Disease Brigham and Women's Hospital Dana Farber Cancer Institute

Boston, MA, USA

Emily A. Blumberg MD

Professor of Medicine

Division of Infectious Diseases

University of Pennsylvania School of Medicine

Philadelphia, PA, USA

Bartholomew Bono MD

Program Director, Infectious Disease

Albert Einstein Healthcare Network

Philadelphia, PA, USA

Steven D. Burdette MD, FIDSA

Infectious Diseases Fellowship Director & Associate Professor of Medicine

Infectious Disease Advisor to Miami Valley Hospital Transplant Program

WSU Boonshoft School of Medicine

Dayton, OH, USA

Nina M. Clark MD

Associate Professor

Department of Internal Medicine

University of Illinois at Chicago

Chicago, IL, USA

Lara Danziger-Isakov MD, MPH

Staff, Center for Pediatric Infectious Diseases;

Director for Pediatric Clinical Research

The Children's Hospital at Cleveland Clinic

Assistant Professor of Pediatrics

Cleveland Clinic Lerner College of Medicine at CWRU

Cleveland, OH, USA

Karen Doucette MD, MSc (Epi), FRCPC

Associate Professor, Division of Infectious Diseases

Education Director, Transplant Infectious Diseases

Fellowship

University of Alberta

Edmonton, AB, USA

Staci A. Fischer MD, FACP, FIDSA

Associate Professor of Medicine

The Warren Alpert Medical School of Brown University

Director, Transplant Infectious Diseases

Rhode Island Hospital

Providence, RI, USA

Julia Garcia-Diaz MD, MS, FACP

Department of Infectious Diseases

Ochsner Clinic Foundation

New Orleans, LA, USA

Christian Garzoni MD

University Clinic for Infectious Disease
Bern University Hospital, Inselspital
Bern, Switzerland

Michael Green MD, MPH

Professor of Pediatrics, Surgery & Clinical and
Translational Science

University of Pittsburgh School of Medicine

Division of Infectious Diseases

Children's Hospital of Pittsburgh

Pittsburgh, PA, USA

Sarah P. Hammond MD

Instructor of Medicine

Harvard Medical School

Division of Infectious Diseases

Brigham and Women's Hospital

Boston, MA, USA

Lizbeth Hansen

Cleveland Clinic

Lerner College of Medicine at CWRU

Cleveland, OH, USA

Betsy Herold MD

Professor, Department of Pediatrics (Infectious
Diseases)

Professor, Department of Microbiology & Immunology

Professor, Department of Obstetrics & Gynecology
and Women's Health

Albert Einstein College of Medicine New York

NY, USA

**Hans H. Hirsch MD, MSc, FMH (Inf Diseases),
FMH (Internal Medicine), FAMH (Medical**

Microbiology)

Acting Director, Institute for Medical Microbiology

Department of Biomedicine

University of Basel, and

Attending Physician,

Division of Infectious Diseases & Hospital

Epidemiology

University Hospital Basel

Basel, Switzerland

S.M. Hosseini-Mogaddham

Urology and Nephrology Research Center (UNRC)

Shahid Beheshti University

Tehran, Iran

Jennifer Hsu MD

Division of Infectious Diseases

Department of Medicine

University of Wisconsin School of Medicine and Public Health

Madison, WI, USA

Robert Huang MD

Department of Medicine Division of Infectious Diseases University of California at San Diego

La Jolla, CA, USA

Abhinav Humar MD

Professor, Department of Surgery

Clinical Director, Starzl Transplant Institute

University of Pittsburgh

Pittsburgh, PA, USA

Shirish Huprikar MD

Director, Transplant Infectious Diseases Program

Associate Professor, Department of Medicine
Mount Sinai School of Medicine
New York, NY, USA

Shahid Husain MD, MS

Assistant Professor of Medicine
Director, Transplant Infectious Diseases
Division of Infectious Diseases and Multi-organ
Transplantation
University Health Network/University of Toronto
Toronto, Canada

Michael G. Ison MD MS

Assistant Professor, Divisions of Infectious Diseases
and Organ Transplantation
Northwestern University Feinberg School of Medicine
Medical Director, Transplant & Immunocompromised
Host
Infectious Diseases Service
Northwestern University Comprehensive Transplant
Center
Chicago, IL, USA

Kathleen Julian MD

Assistant Professor of Medicine
Division of Infectious Diseases
Penn State Hershey Medical Center
Hershey, PA, USA

Daniel Kaul MD

Director, Transplant ID Service
Division of Infectious Disease
University of Michigan Medical School
Ann Arbor, MI USA

Camille Nelson Kotton MD

Clinical Director, Transplant and
Immunocompromised Host Infectious Diseases
Infectious Diseases Division
Massachusetts General Hospital and
Assistant Professor
Harvard Medical School
Harvard University
Boston, MA, USA

Lynne Lewis RN, MS, CPNP

Coordinator, Division of Pediatric Infectious Diseases
Section on Immunocompromised Hosts
Children's Hospital Boston
Boston, MA, USA

Rebecca P. Madan MD, MSc

Assistant Professor
Division of Pediatric Infectious Diseases
Albert Einstein College of Medicine
New York, NY, USA

Oriol Manuel MD

Infectious Diseases Service and Transplantation
Center
University Hospital Center (CHUV) and University of
Lausanne
Lausanne, Switzerland

Francisco M. Marty MD

Division of Infectious Disease
Brigham and Women's Hospital
Boston, MA, USA

Sanjay R. Mehta MD, DTM&H
