[Preface](#)

[Preface to the first edition](#)

[Acknowledgements](#)

[First edition contributors](#)

[Section reviewers](#)

[Figures](#)

[Selected list of abbreviations](#)

[Part 1: Introduction](#)

[*Logical approach*](#)

[1 The OSCE examination](#)

[Set up](#)

[Types of station](#)

[The instructions](#)

[The marks](#)

[Preparation](#)

[2 The stable patient](#)

[History and examination: hints and tips](#)

[Differential diagnoses, problem lists and](#)

[management plans: hints and tips](#)

[Investigation choices: hints and tips](#)

[3 Presenting](#)

[Guide to the book](#)

[Technique](#)

[Possible viva questions](#)

[Answering technique: hints and tips](#)

[Further resources](#)

[4 History and examination](#)

[History stations](#)

[Examination stations](#)

[*Practical stations*](#)

[5 Practical stations 1](#)

[Practical skills](#)

[Station 1: Subcutaneous injection](#)

[Station 2: Blood transfusion](#)

[6 Practical stations 2](#)

Station 3: Venepuncture

Station 4: Blood culture collection

Station 5: Cannula insertion

Station 6: Administering an IV injection

7 Practical stations 3

Station 7: Arterial blood gas collection

Station 8: Arterial blood gas interpretation

Station 8a

Station 8b

Station 9: Confirming and certifying death

Station 10: Nasogastric tube insertion

8 Practical stations 4

Prescribing stations

General prescribing

Station 11: Prescribing antibiotics

Station 12: Amending a prescription

Station 13: Drug dose calculation (renal)

Station 14: Drug dose calculation

Communication stations

9 Communication stations 1

Communication skills: hints and tips

Answering ethical issues: hints and tips

Further reading

10 Communication stations 2

Station 15: Breaking bad news

Station 16: Dealing with an angry relative

Station 17: Dealing with an error

Station 18: Dealing with consent

11 Communication stations 3

Station 19: Explaining a procedure

Station 20: Resuscitation decisions

Station 21: Requesting a post-mortem

Station 22: Starting a treatment

12 Communication stations 4

Station 23: Telephone information

Station 24: Third party confidentiality

Station 25: Public safety

Station 26: Self-discharge

Emergency stations

13 Emergency stations 1

Station 27: Basic life support (BLS)

Station 28: Advanced life support (ALS) algorithm

Station 29: Defibrillation

Station 30: Airway adjuncts

Station 30a: Insertion of oropharyngeal and nasopharyngeal airways

Station 30b: Insertion of laryngeal mask airway

14 Emergency stations 2

Station 31a: Medical emergencies - Airway
Station 31b: Medical emergencies - Breathing
Station 31c: Medical emergencies - Circulation
Station 31d: Medical emergencies - Disability
Station 31e: Medical emergencies - Exposure

Part 2: Medicine

Cardiovascular

15 Cardiology stations: History

Station 32: Palpitations

Station 33: Chest pain

Station 34: Hypertension

16 Cardiology stations: Examination

Station 35: Cardiovascular examination

17 Cardiology stations: Cases 1

Station 36: Mitral stenosis

Station 37: Mitral regurgitation

Station 38: Aortic stenosis

Station 39: Aortic regurgitation

18 Cardiology stations: Cases 2

Station 40: Tricuspid regurgitation

Station 41: Prosthetic heart valves

Station 42: Cardiomyopathy

Station 43: Infective endocarditis

19 Cardiology stations: Cases 3

Station 44: Jugular venous pressure

Station 45: Cardiac failure

20 Cardiology stations: Skills

Station 46: ECG recording – explanation

Station 47: ECG recording – procedure

Station 48: ECG interpretation – summary

Station 49: Blood pressure measurement

Respiratory

21 Respiratory stations: History

Station 51: Asthma

Station 52: Primary Lung malignancy

Station 53: Pneumothorax

22 Respiratory stations: Examination

Station 54: Respiratory examination

23 Respiratory stations: Cases 1

Station 55: COPD

Station 56: Bronchiectasis

24 Respiratory stations: Cases 2

Station 57: Interstitial lung disease

Station 58: Pleural effusion

25 Respiratory stations: Cases 3

Station 59: Previous TB
Station 60: Pneumonia

26 Respiratory stations: Cases 4

Station 61: Obstructive sleep apnoea
Station 62: Pneumonectomy/lobectomy
Station 63: Pulmonary hypertension

27 Respiratory stations: Skills

Station 64: Peak flow measurement
Station 65: Inhaler technique
Station 66: Oxygen therapy

28 Respiratory stations: Data 1

Station 67: Chest radiograph interpretation - normal chest

29 Respiratory stations: Data 2

Station 68: Chest radiograph interpretation - pleural effusion
Station 69: Chest radiograph interpretation - pneumothorax
Station 70: Chest radiograph interpretation - atelectasis
Station 71: Chest radiograph interpretation - lung metastases
Station 72: Chest radiograph interpretation - critical care patient

Station 73: Chest radiograph interpretation - pulmonary oedema

Abdominal

30 Abdominal stations: History 1

Station 74: Weight loss

Station 75: Diarrhoea

31 Abdominal stations: History 2

Station 76: Dysphagia

Station 77: Dyspepsia

32 Abdominal stations: Examination

Station 78: Abdominal examination

33 Abdominal stations: Cases 1

Station 79: Chronic liver disease

Station 80: Splenomegaly/ hepatosplenomegaly

34 Abdominal stations: Cases 2

Station 81: Hepatomegaly

Station 82: Ascites

Station 83: Jaundice

35 Abdominal stations: Cases 3

Station 84: Inflammatory bowel disease

Station 85: Polycystic kidney disease

Station 86: Chronic kidney disease

Neurology

36 Neurology stations: History

Station 87: Transient ischaemic attack

Station 88: Acute confusion

37 Neurology stations: Examination 1

Station 89: Upper limb motor examination

Station 90: Lower limb motor examination

38 Neurology stations: Examination 2

Station 91: Sensory examination

Station 92: Gait

39 Neurology stations: Examination 3

Station 93: Cranial nerve examination

40 Neurology stations: Examination 4

Station 94: Speech

41 Neurology stations: Cases 1

Station 95: Upper motor neurone lesion

Station 96: Lower motor neurone lesion

42 Neurology stations: Cases 2

Station 97: Cerebrovascular disease

Station 98: Glasgow Coma Scale assessment

Station 99: Multiple sclerosis

43 Neurology stations: Cases 3

Station 100: Parkinsonism

Station 101: Cerebellar syndrome

44 Neurology stations: Cases 4

Station 102: Myotonic dystrophy

Station 103: Motor neurone disease

Station 104: Myasthenia gravis

45 Neurology stations: Cases 5

Station 105: Facial nerve palsy

Station 106: Horner's syndrome

Station 107: Cervical myelopathy

46 Neurology stations: Cases 6

Station 108: Visual field defect

Station 109: Ocular palsy

Endocrine

47 Endocrine stations: History

Station 110: Diabetes

Station 111: Hypercalcaemia

Station 112: Hypothyroidism

48 Endocrine stations: Examination

Station 113: Assessing thyroid status

Station 114: Assessing complications of diabetes

49 Endocrine stations: Cases 1

Station 115: Hypothyroidism

Station 116: Hyperthyroidism

50 Endocrine stations: Cases 2

Station 117: Type 1 diabetes mellitus

Station 118: Type 2 diabetes mellitus

Station 119: Diabetic eye disease

Station 120: Diabetic foot

51 Endocrine stations: Cases 3

Station 121: Cushing's syndrome

Station 122: Hypoadrenalism/Addison's disease

52 Endocrine stations: Cases 4

Station 123: Acromegaly

Station 124: Gynaecomastia

Station 125: Hyperlipidaemia

Part 3: Surgery.

General surgery

53 Surgical history

Station 126: Acute abdominal pain

Station 127: Colorectal cancer

Station 128: Rectal bleeding

54 Surgical abdominal examination

Station 129: Surgical abdominal examination

Station 130: Digital rectal examination

55 Surgery cases 1: Abdomen

Station 131: Abdominal stoma

Station 132: Abdominal mass

Station 133: Renal transplant

56 Surgery cases 2: Groin

Stations 134 and 135: Groin examination and groin swellings

57 Surgery cases 3: Neck

Station 136: Neck examination

Station 137: Neck lumps

58 Surgery cases 4: Breast

Station 138: Breast history

Station 139: Breast examination

59 Surgery cases 5: Lumps and bumps

Station 141: Lipoma

Station 142: Epidermoid cyst

60 Surgical skills

Station 143: Preoperative assessment

61 Surgical data interpretation

Station 144: Abdominal X-ray interpretation

Station 145: Small bowel obstruction

Station 146: Large bowel obstruction

Station 147: Sigmoid volvulus

Station 148: Barium enema

Station 149: Erect chest radiograph

Vascular

62 Vascular history

Station 150: Intermittent claudication

Station 151: Acute pulseless leg

Station 152: Abdominal aortic aneurysm

63 Peripheral vascular examination

Station 153: Peripheral vascular examination

Station 154: Ankle brachial pressure index measurement

Station 155: Abdominal aortic aneurysm

Station 156: Amputations

64 Vascular cases

Station 157: Varicose veins

Station 158: Leg ulcers

Urology

65 Urological history

Station 159: Haematuria

Station 160: Benign prostatic hypertrophy
Station 161: Renal calculi

66 Urology examination and skills

Station 162: Examination of the man external genitalia/scrotal swellings

Station 163: Urinalysis

Station 164: Urethral catheterisation

Musculoskeletal

67 Musculoskeletal stations: History

Station 165: Swollen knee

Station 166: Gout

Station 167: Rheumatoid arthritis

68 Musculoskeletal stations: Examination

1

Station 168: Musculoskeletal examination

Station 169: GALS screen

Station 170: Spine examination

69 Musculoskeletal stations: Examination

2

Station 171: Hip examination

Station 172: Knee examination

70 Musculoskeletal stations: Examination

3

Station 173: Hand examination

Station 174: Carpal tunnel syndrome (CTS)

Station 175: Shoulder examination

71 Musculoskeletal stations: Cases 1

Station 176: Osteoarthritis of the hip

Station 177: Ruptured anterior cruciate ligament

72 Musculoskeletal stations: Cases 2

Station 178: Ankylosing spondylitis

Station 179: Rheumatoid knee

73 Musculoskeletal stations: Cases 3

Station 180: Painful shoulder

Station 181: Hallux valgus

Station 182: Charcot joints

74 Musculoskeletal stations: Cases 4

Station 183: Upper limb nerve injuries: general
Root injuries

Station 184: Radial nerve lesion

Station 185: Median nerve lesion

Station 186: Ulnar nerve lesion

Station 187: Long thoracic nerve lesion

75 Musculoskeletal stations: Cases 5

Station 188: Management of major injuries

76 Musculoskeletal stations: Data

Musculoskeletal (MSK) imaging

Station 189: MSK imaging interpretation - hips and pelvis

Station 190: MSK imaging interpretation - knee

Station 191: MSK imaging interpretation - hands

Station 192: MSK imaging interpretation - wrist

Station 193: MSK imaging interpretation - hip

Station 194: MSK imaging interpretation - pelvis

Part 4: Specialties

Paediatrics

77 Paediatric stations: History

Station 195: Paediatric history

Station 196: Bronchiolitis

Station 197: Failure to thrive

78 Paediatric stations: Cardiology

Station 199: Congenital heart disease (CHD)

Station 200: Cardiac failure

Station 201: Rheumatic heart disease

79 Paediatric stations: Respiratory

Station 203: Stridor

Station 204: Cystic fibrosis

Station 205: Chesty child

80 Paediatric stations: Gastrointestinal

Station 207: Constipation

Station 208: Vomiting

Station 209: Abdominal pain

Station 210: Lumps and bumps

81 Paediatric stations: Infectious diseases

1

General hints and tips

Station 211: Infectious diseases with rashes

Station 212: Meningitis

82 Paediatric stations: Infectious diseases

2

Station 213: Immunisations

Station 214: Childhood infections

Station 215: Skin lesions

83 Paediatric stations: Neonatology

Station 216: Newborn baby check

Station 217: Neonatal resuscitation

84 Paediatric stations: Child development

Station 218: Developmental assessment

Station 219: Growth

Obstetrics and gynaecology

85 Obstetrics and gynaecology stations: History and examination 1

Station 220: Obstetric history

Station 221: Obstetric examination

Station 222: Bimanual pelvic examination

86 Obstetrics and gynaecology stations: History and examination 2

Station 223: Gynaecological history – pelvic pain

Station 224: Gynaecological examination

Station 225: Speculum examination

87 Obstetrics and gynaecology stations: Cases 1

Station 226: Spontaneous miscarriage

Station 227: Recurrent miscarriage

88 Obstetrics and gynaecology stations: Cases 2

Station 228: Contraception

Station 228a: Missed pill

Station 228b: Antibiotics and the pill

Station 228c: Emergency contraception

Station 229: Sterilisation

89 Obstetrics and gynaecology stations: Cases 3

Station 230: Ectopic pregnancy

Station 231: Termination of pregnancy

Station 232: Antepartum haemorrhage

90 Obstetrics and gynaecology stations: Cases 4

Station 234: Preconception care

Station 235: Booking visit

Station 236: Prenatal diagnostic tests

Station 237: Hypertension in pregnancy

91 Obstetrics and gynaecology stations: Cases 5

Station 238: Dysmenorrhoea/pelvic pain

Station 239: Abnormal vaginal bleeding

92 Obstetrics and gynaecology stations: Cases 6

Station 240: Cervical dysplasia

Station 241: Cervical smear

Station 242: Endometrial hyperplasia/neoplasia

93 Obstetrics and gynaecology stations: Cases 7

Station 243: Amenorrhoea

Station 244: Polycystic ovarian syndrome

94 Obstetrics and gynaecology stations: Cases 8

Station 245: Subfertility

Further reading

Station 246: Endometriosis

95 Obstetrics and gynaecology stations: Cases 9

Station 247: Preterm labour

Station 248: Preterm, prelabour rupture of the membranes

96 Obstetrics and gynaecology stations: Skills 1

Station 249: Normal labour

Station 250: Normal delivery

97 Obstetrics and gynaecology stations: Skills 2

Station 251: Instrumental vaginal delivery

Station 252: Caesarean section

Station 253: Postpartum haemorrhage

98 Obstetrics and gynaecology stations: Data

Station 254: Fetal heart rate monitoring

Dermatology

99 Dermatology stations: History

Station 256: Pruritus/Rash

Station 257: Dermatological lesion

100 Dermatology stations: Examination

Station 258: Dermatology examination

Station 259: Pigmented lesion

Station 260: Rash

101 Dermatology stations: Cases 1

Station 261: Eczema

Station 262: Psoriasis

102 Dermatology stations: Cases 2

Station 263: Bacterial infections

Station 264: Viral infections

Station 265: Fungal infections

103 Dermatology stations: Cases 3

Station 266: Malignant melanoma

Station 267: Basal cell carcinoma

Station 268: Squamous cell carcinoma

104 Dermatology stations: Cases 4

Station 269: Acne

Station 270: Urticaria

105 Dermatology stations: Cases 5

Station 271: Lichen planus

Station 272: Pityriasis versicolor

Station 274: Bullous pemphigoid

Station 277: Erythema nodosum

106 Dermatology stations: Skills and data

Station 279: Skin punch biopsy

Station 280: Curettage

Station 281: Excision biopsy

Station 282: Incisional biopsy

Station 283: Wood's light

Station 284: Viral cultures/Tzanck test

Station 285: Microscopy

Ophthalmology

107 Ophthalmology stations: History and examination

Ophthalmology example stations

Station 287: Vision and driving

Station 288: Eye examination

108 Ophthalmology stations: Cases 1

Station 289: Glaucoma

Station 290: Uveitis

109 Ophthalmology stations: Cases 2

Station 291: Diabetic retinopathy

Station 292: Hypertensive retinopathy

Station 293: Cataract

Station 294: Age-related macular degeneration (ARMD)

110 Ophthalmology stations: Cases 3

Station 295: Refractive errors

Station 296: The red eye

Station 297: Optic nerve disease

111 Ophthalmology stations: Skills

Station 298: Direct ophthalmoscopy

Station 299: Instilling eye drops

Station 300: Visual acuity assessment

ENT

112 ENT stations: History and examination

1

Station 301: Ear history

Station 302: Ear examination

113 ENT stations: History and examination

2

Station 303: Nose history

Station 304: Nose examination

114 ENT stations: History and examination

3

Station 305: Throat history

Station 306: Throat examination

115 ENT stations: Cases

Station 307: Ear cases

Station 307a: Squamous cell carcinoma of the pinna

Station 307b: Perforation of the ear drum

Station 307c: Otitis externa

Station 307d: Myringosclerosis

Station 307e: Otitis media

Station 308: Nose cases

Station 308a: Nasal polyps

Station 308b: Epistaxis

Station 308c: Sinusitis

116 ENT stations: Skills and data

Station 309: Hearing tests

Station 310: Impedance audiometry

Station 311: Pure tone audiometry

Psychiatry

117 Psychiatry stations: History

Station 312: Psychiatric history

Station 313: Risk assessment

118 Psychiatry stations: Examination

Station 314: Mental state examination

119 Psychiatry stations: Cases 1

Station 315: History taking in depression and anxiety

Station 316: History taking in attention deficit hyperactivity disorder (ADHD)

Station 317: Mental state examination in autism spectrum disorder (ASD).

120 Psychiatry stations: Cases 2

Station 318: Assessment of mood disorders

Station 319: Biological management of mood disorders

Station 320: Psychosocial management of mood disorders

121 Psychiatry stations: Cases 3

Station 321: Assessment of anxiety disorders

Station 322: Psychological management of anxiety disorders

Station 323: Biological management of anxiety disorders

122 Psychiatry stations: Cases 4

Station 324: Assessment of psychosis

Station 325: Biological management of psychosis

Station 326: Psychosocial management of psychosis

Index of OSCE stations

Contributors

Abdominal

Vidyasagar Ramappa MBBS MD MRCP
Specialist Registrar in Gastroenterology
Nottingham University Hospitals NHS Trust

Dermatology

Esther Burden-Teh BMBS BMedSci MRCP(UK)
Specialist Registrar in Dermatology
Nottingham University Hospitals NHS Trust

Emergency Medicine

Hannah Skene MBChB MRCP MMedSci AHEA
Consultant Acute Physician
Barts Health NHS Trust

Endocrinology

Carolyn Chee MB ChB MRCP
Specialty Registrar and Research Fellow in Diabetes &
Endocrinology
Nottingham University Hospitals NHS Trust

Musculoskeletal

James Langdon BSc (Hons) MB BS MRCS (Eng) FRCS (Orth)
Consultant Orthopaedic and Spinal Surgeon
West Herts Hospitals NHS Trust
