Anabole Steroide Wave Flow cycles

Notice

ONLY FOR EDUCATIONAL PURPOSES! FOR INFORMATIONAL USE ONLY!

This book is for informational and educational purposes only in the area of bodybuilding anabolic steroids and performance enhancing medications. It is not called to consume anabolic steroids here. Anabolic steroids are prescription medications; this also applies to veterinary steroids and other performance enhancing medications and medications. The possession and acquisition of doping products is prohibited and will be criminalized. The Anti Doping Law is international. Self-administration of acquired drugs / anabolic steroids is very dangerous without medical supervision and constant follow-up examinations and severe side effects and interactions are unavoidable. A use of black market products and / or so-called underground labs. is a form of playing Russian roulette, no one knows if the active ingredients are included and where they come from.

The use of doping agents is always to be rejected and avoided, because consequential damage occurs in any form whatsoever. The chemical club can be very fast against you!

Each athlete has to decide for himself which high price he is willing to pay.

Disclaimer

The use of this book and the implementation of the information contained therein is expressly at your own risk. The publisher as well as the author can not assume any liability for any accidents and damages of any kind that may occur when using doping agents (eg due to missing safety instructions).
