“Tinas AHA!” was published in German by Visual Ink Publishing, www.visual-books.com.

I have carefully considered the contents of this book. It is a children's book with educational background and scientific information. It is no substitute for competent personal advice.

Each reader is responsible for using and dealing with the content themselves. Liability for errors and resulting consequences is excluded.

Comments and feedback on the book or even individual AHAs that you experienced are valuable insights for me. If you feel like, please send these or questions to kontakt@ja-klar-mathe.de.

Brains love Exercises so they can grow!

For all children!

Because there is a
little mathematician in every child.

And we need those!

- Marion Mohnhaupt -

Tina's

AHA Moments!

MATH can be learned.

Just let your **BRAIN** go for it!
