**STORK \*P O K O\* JABARI comes back**

**Once morning at the end of APRIL ( in state AUSTRIA  
) .....**

**Oh oh oooohhhh - what is THAT - high in the sky ?**

**IT is getting closer and closer - flies in the direction of a DUCK\_DRAKE(="ERPEL") THIS is not a plane or helicopter and makes no noise. But that's a big BIRD !**

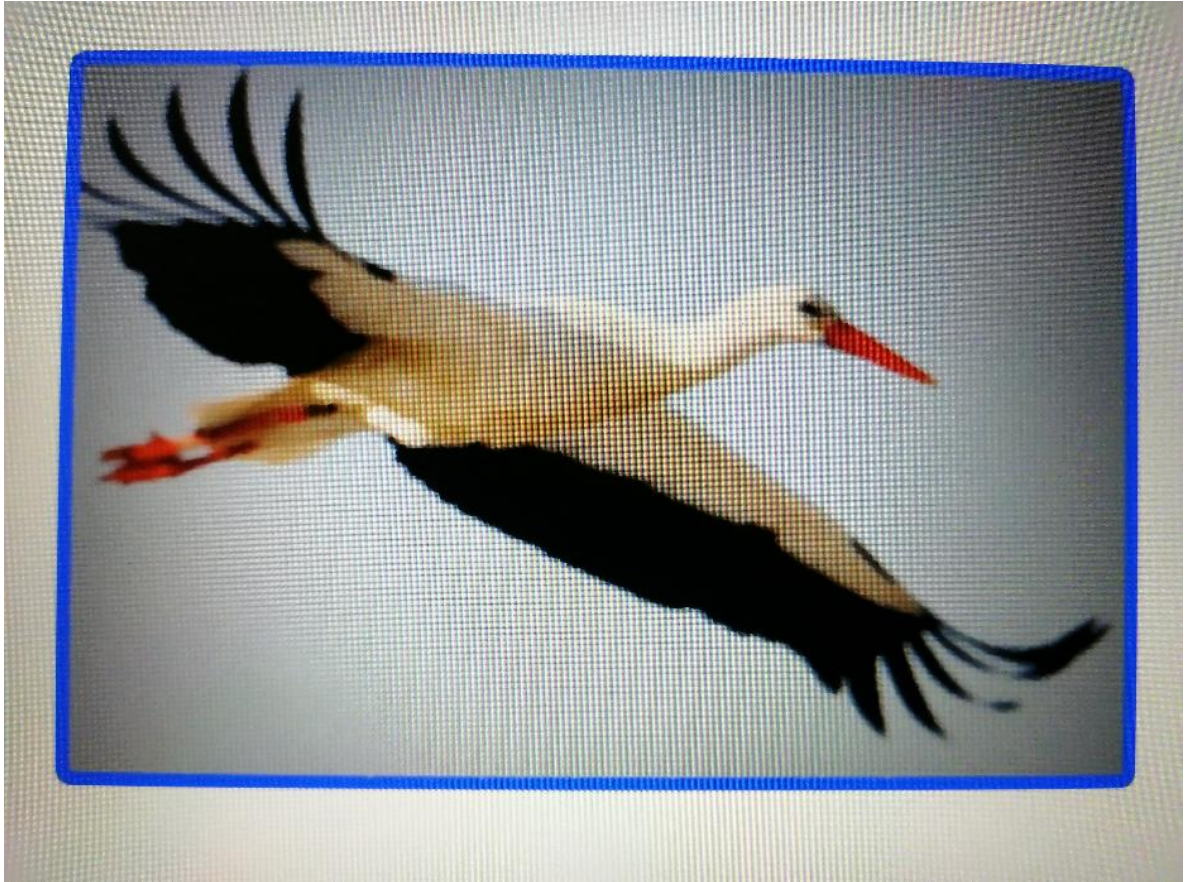

**I will wave him with my wings - mister DRAKE thinks.**

**Yes - he has noticed me and comes down in a spiral  
ever deeper and deeper - chatters excitedly  
Sir „BOTTLES\_DUCK“. Such a very BIG BIRD - I'm  
afraid =  
I hope HE does not eat me - sighs the Duck\_Drake.**

**Hello - ask for mercy ! I hope it ust no LAKE\_EAGLES !  
That's not to be believed = it is a proud big  
color white „S T O R K“. Now it is „ADEBAR“ above  
me.**

**I recognize Mister „WHITE\_STORK(=ADEBAR)“ !  
HURRAY ..... hurray ! You really are !**

**I greet You = my friend >ADEBARI< !**

**I greet You Mister DUCK (=ERPELIus) replies joyfully rattling, the very exhausted Mister S T O R K.**

**He knocks the DRAKE on his chest with his right foot- while he stands breathless only on the left of his tall thin storklegs.**

**The STORK asks the DUCK:**

**„Your name was - >D U F F Y<“ ?**

**„Quite right! - Fine, how you can remember after such a long time“! ..... One calls you as „ADEBAR“ - your name is = >J A B A R I< ..... the DRAKE chatters.**

**The „ADEBAR“ rattles: „Remember correctly Sir  
>DUFFY<**

**„ERPELIus“ (=Drake)! Yes, my stork-parents - you  
know**

**her yes - gave me the name >THE  
BRAVE/COURAGEOUS<**

**(translated >JABARI<) =**

**„P O K O J A B A R I“.**

**„Great noble name = friend JABARI“ - nods DUCK-  
Drakes**

**Mister „DUFFY“. „But why did you get this NOBLE  
name?“**

**....„It was on one big village-pond, here in a village  
nearby**

**....my STORK\_SISTERS have just been attacked by a  
nasty**

**>Water-Snake< ....the daily from this pond fishes and  
frogs**

**hunt and consume ..... I quickle jumped and grabbed  
this**

**old-long >RINLET\_VIPER(=grass\_snake)< just behind  
their**

**head. The snake wanted to bite me, but I have legs for  
so long - that it did not reach my body that fast.**

**I threw her on a thorn-bush - where the serpent was  
Pierced by the spike several times by the sharp thorns  
and after died“.**

**„Our stork\_parents witnessed the incident circling in the sky“. „But, that was a dangerous story“ --- the DUCK chatters. „But why were you gone so long? Where have you been? You did not like it here anymore?**

**I was sad for a long time!“**

**„But dear friend >DUFFY<, that is so traditional with us**

**storks. We Young\_Storks fly like our parents and all grandparents and their ancestors - but earlier, even in groups away .....end of august to september every year“.**

**„We are born in EUROPA - my many relatives are born**

**here in AUSTRIA (many in region „BURGENLAND“).**

**My parents and now also we young\_storks fly to CENTRAL\_AFRICA .... to the huge >VICTORIA-LAKE< in East. Some even further to SOUTH\_AFRICA (fly-routes to 10.000 kilometers). That's why our whole name is >Poko V I C T O R Jabari< and my younger**

**sisters >V I C T O R I A DJAMILA<(= the „BEAUTY“) +  
>V I C T O R I A NYOTA<(= the „BRIGHT / BEAM“)  
( ( ... Translate from „afrikans“ + „suaheli“ ) )**

**The >DUCKBILL< puzzles his head ..... we have  
several  
lakes and ponds and rivers here“.**

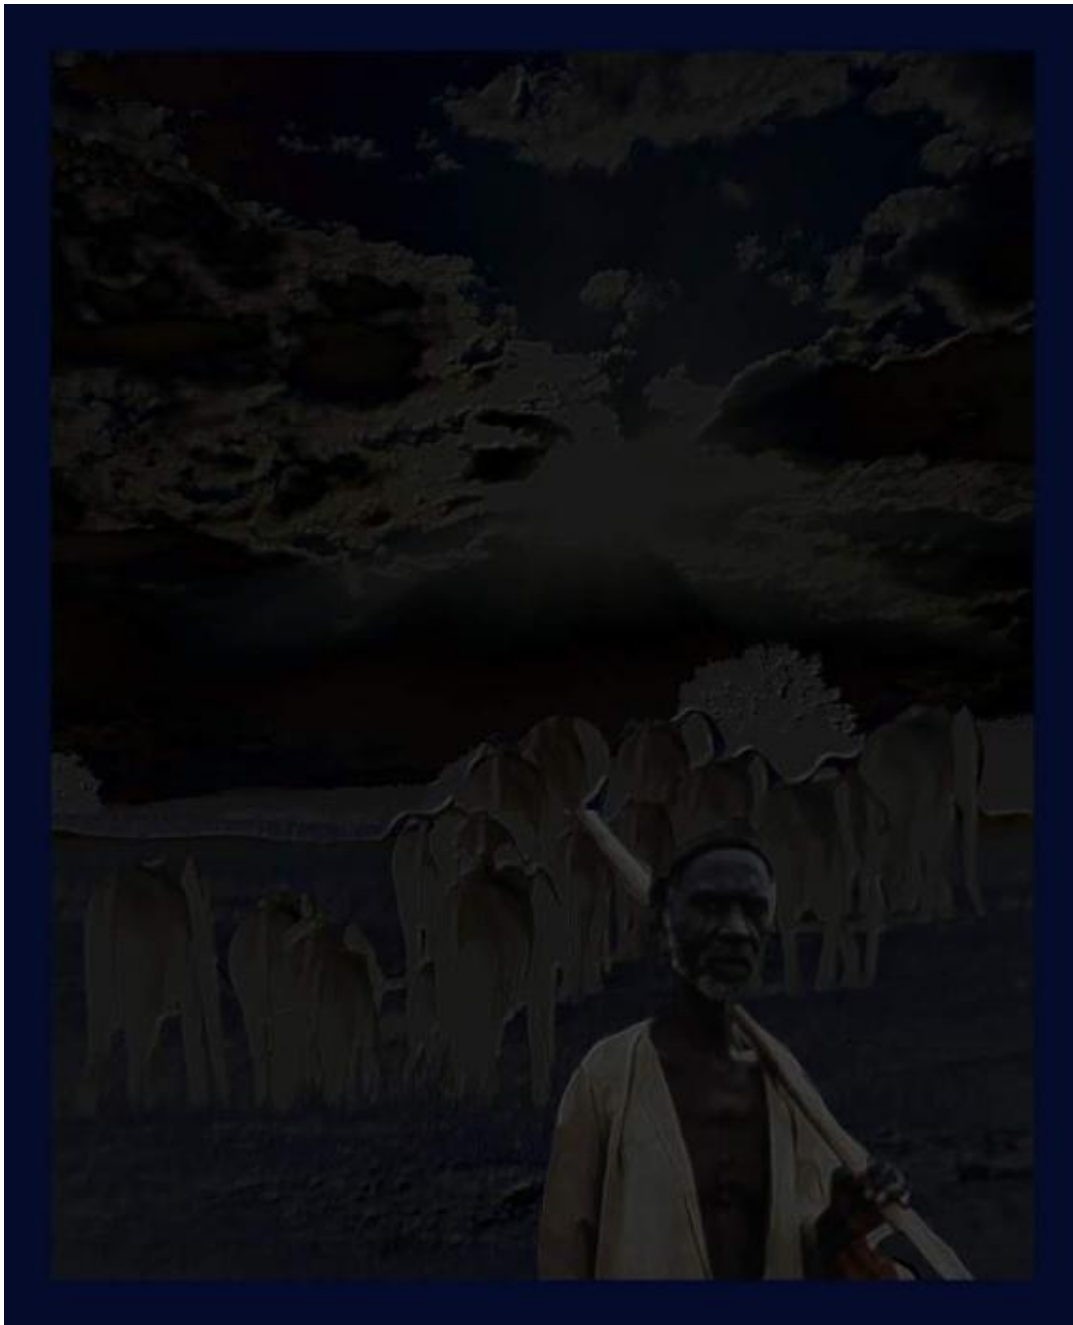

**Mister STORK smiles with his long beak and answers  
Friendly: „This >VICTORIA-LAKE< is very rich in  
FISHES**

**and the third\_largest LAKE in the world = at the  
same time the second\_largest FRESHWATER\_LAKE  
in the world(almost as big as „IRELAND“ or  
„BAVARIA“**

**of GERMANY). It is located in three states: TANZANIA,**

**UGANDA and KENYA ..... and there are also big  
famous**

**ones >SERENGETI-SAVANNAH< ... and this became a  
„NATIONAL-PARK (= National Nature Reserve Zone)“.**

**There we live 3 years without the cold WINTER in EUROPE (we would not find any food either). Then begins our big long exhausting FLIGHT toward NORTH ..... where we were born ..... I in AUSTRIA. We will be back in EUROPE around April and May.**
