Volume 20: Integration
Volume 21: Family

Acknowledgements

My thanks go to my family and friends who have made me who I am today. Special thanks to all those who supported me in writing this book. I would like to thank all my classmates, teachers, fellow students, lecturers, demonstrators, activists, colleagues, companies and countries with whom I have had the privilege of sharing the experiences from which all the ideas in this book have emerged. I would like to thank the staff of Books on Demand for their kind helpfulness. I thank the citizens of Seligenstadt for the harmony and solidarity in which I was able to write.

Foreword

This policy concept contains a variety of proposals for possible political reforms. It can be peacefully and democratically adapted to any current political system of any state in the world, but also to political systems in families, clubs, associations or companies. Wherever humans make or submit to rules that manage living together, the following proposals can be helpful. Readers who find the proposals so helpful that they would like to implement them together with like-minded people can contact the author. The contact form on the last page can be used for this purpose.

Faults and defects

I ask for your understanding that this volume was not professionally proofread. I could only afford professional proofreading for the summary. Spelling errors and unfortunate phrasing may therefore occur. As soon as this volume has sold enough to pay for a professional proofreading, it will be done. After that, a new edition will be published.

English version

Please understand that this volume has been translated automatically. I could only afford a professional translation for the summary. Poor wording and spelling errors may therefore occur. In case of doubt, the German version shall prevail. As soon as this volume has sold enough to pay for a professional translation, it will be done. After that, a new edition will be published. It was more important to me that no one in the world should have an information advantage than individual translation errors in the complete work.
