THE MOST BEAUTIFUL PLACE IN THE WORLD!

The year is coming to an end and sooo much has happened. But right now, as I write this, all I feel is gratitude. Right now I am blissful. Being on Crete with great people from all over the world, celebrating the **Pleasure Bay**, with legendary good weather and even better vibes, it's just amazing!

Maybe I've already written it, but with the Pleasure Bay I've fulfilled myself a dream. It was my idea, and Christian and the fantastic SubRosaDictum team helped make this dream come true. I can't be grateful enough for that.

But I would also like to sincerely thank every single visitor, because you have filled Pleasure Bay with life. Your spirit and your energy made Pleasure Bay 2023 what it was: a unique, awesome, fun and informal get-together. Everyone is welcome, everyone is there, no matter where from and which kinks.

To make up for the fact that **Killer Heels Photography** couldn't be at Pleasure Bay, he delivered a shoot with **Jasmine James**, which of course had to be on the cover. We are just totally in love with Jasmine and her pictures. **One motif is available exclusively and limited as a HiRes print on aluminium in our shop!** Have a look!

But there's also plenty else to discover. Together with the latex couture label **Léqlé**, we have brought our favourite **Bond girls** back to life.

Peter **W. Czernich** and **Frank Becker** have provided great pictures and supported us beyond all measure. Thank you!

In our **tattoos and latex special**, the name says it all and **Dita Von Teese - the living legend** - honours us with an exclusive interview. We say thank you!

Daniel Harms, the jack-of-all-trades and brother in spirit, has opened up his collection to us. Unfortunately, we can only show a tiny teaser in this issue, but we'll make up for it. The pictures are just too beautiful. You have to see them in print!

I am grateful for the great conversations, for the beautiful moments, for the desire, love and passion that you bring with you to make the world a more beautiful, more colourful kinky place. You mean the world to me!

Andreas Reichardt

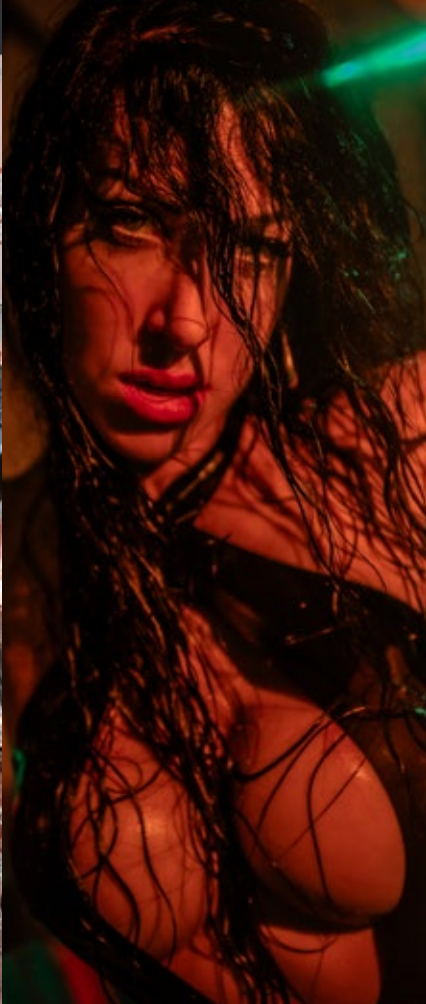

PS: Ein ausführlicher Nachbericht zur Pleasure Bay folgt in der Ausgabe 80 ... die dann auch das 30-jährige Jubiläum des MARQUIS Magazins einläutet!

JAMES BOND –

BOND GIRL FASHION, REINTERPRETED IN LATEX.

The James Bond film series is cult. Exotic locations, breathtaking stunts, beautiful men and women and exciting entertainment. But cars, watches, suits and the Bond girls' outfits have also caused a sensation time and again.

Together with designer label LeQlé, we set out to add a little Bond flair and reinterpreted three iconic Bond girls — in latex.

It was hot.

The air was shimmering and an eerie silence lay over the Grand Hotel. The three ladies tried everything to mask the tension. They had a mission and their employer was not known for being understanding when one failed.

The job was to intercept His Majesty's spy. And who better to do that than these three women?

Fuxteufelswild, Jinx Bewitched and Elody Lobes are our Bond girls, eagerly awaiting the agent,

not always with honourable intentions. The outfits from designer label LeQlé are meant to distract the agent from his mission long enough for the principals to act. But apart from a name, the women have nothing. Will they recognise him? Which guest will it be?

Of course, we are also waiting to find out: who will be the new James Bond? What will happen next? Everyone has their favourite, hottest Bond girl. In any case, I am very much looking forward to the continuation of the series and sincerely hope that the eroticism will be given a little more space again because 007 also means great women!

What do you think? We have put more pictures online in our gallery and you are welcome to give us your feedback on the pictures, on your favourite actor! We look forward to your comments!
